Parents invited to visit Sac City's public schools during 'Tour of Excellence'

Parents considering public schools and curious about Sacramento City Unified School District's programs are invited to visit the district's classrooms from 10 a.m. to 2 p.m. on Friday, March 20.

The "Tour of Excellence" offers an opportunity for parents who are new to the district or who may be considering switching from private school to learn more about the public schools in their neighborhoods. Parents are welcome to drop by and observe instruction and meet with school officials.

While some campuses may be at capacity, the district will work to try and accommodate as many new students as possible. If parents cannot drop by on the March 20, they are encouraged to call and arrange another day for a visit.

Parents are advised, but not required, to call the schools of their choice before visiting if they wish to speak to a specific individual or to learn more about programs of interest to them.
